Aachen/Beijing, April 2026 – The FEV Group has appointed Chi Zhang as Managing Director of FEV China, effective April 1, 2026. He succeeds Dr. Cagri Cevik, who will continue to support the organization as a member of FEV China’s advisory board.

“China is a strategically critical market for FEV, characterized by rapid innovation cycles and unique market dynamics,” said Mayank Agochiya, President of FEV Asia. “With Chi Zhang, we are further strengthening our local leadership, fostering China for China innovation, enabling faster decision-making close to the market and accelerating project delivery for our customers.”

Prior to his appointment, Chi Zhang served as the founding Executive Director and General Manager of FEV Consulting China, where he successfully established and expanded FEV’s consulting business in the country since 2018. As Managing Director of FEV China, he will be responsible for the continued development of FEV’s overall China business. His focus will include closer integration of engineering and consulting services, strengthening existing customer relationships, and expansion of local project responsibility.

With the appointment of Chi Zhang, a Chinese national assumes the role of Managing Director of FEV China for the first time, underscoring FEV's commitment to local leadership and empowerment. This step further strengthens local accountability and accelerates decision-making in a market characterized by high speed and short innovation cycles.

About FEV

FEV has always pushed the limits.

FEV is a globally leading engineering provider in the automotive industry and internationally recognized leader of innovation across different sectors and industries. Professor Franz Pischinger laid the foundations by combining his background in academia and engineering with a great vision for continual progress. The company has supplied solutions and strategy consulting to the world's largest automotive OEMs and has supported customers through the

entire transportation and mobility ecosystem.

As the world continues to evolve, so does FEV.

That's why FEV is unleashing its technological and strategic expertise into other areas, applying its forward thinking to the aerospace and energy sectors. Thanks to its software and system expertise, the company also leads the way making intelligent solutions available to everyone. FEV brings together the brightest minds from different backgrounds and specialties to find new solutions for both current and future challenges.

But FEV won't stop there.

Looking ahead, FEV continues to push the limits of innovation. With its highly qualified 5,600 employees at more than 45 locations globally, FEV imagines solutions that don't just meet today's needs but tomorrow's. Ultimately, FEV keeps evolving – to a better, cleaner future built on sustainable mobility, energy and software that drives everything. For the company's partners, its people and the world.
